The rejections of Claims 1-22 in Sections 11-15 of the Office Action dated 7/17/06 have been withdrawn.

### ***Allowable Subject Matter***

4. Claims 1-28 are allowed.

## **REASONS FOR ALLOWANCE**

5. The following is an examiner's statement of reasons for allowance:

Claims 1 and 12 are allowable over the cited art of record for at least the reason that the cited art of record fails to teach or reasonably suggest a method for manipulating a

plurality of particles by forming and moving a plurality of optical traps, as generally set forth in Claims 1 and 12, the method including, in combination with the features recited in Claims 1 and 12, the steps of applying the at least one laser beam to a diffractive optical element for simultaneously creating a plurality of separate laser beams from each laser beam; and establishing an optical gradient (field) for each of the plurality of separate laser beams to each form a separate optical trap for moving the plurality of particles. Claims 2-11, 13-28 are dependent on Claims 1 and 12, and hence are allowable for at least the same reasons. Claims 1 and 12 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
